Selected projects

Projects are grouped by field. Private clients are not identified by name.

FIELD	MATERIALS
Medical devices	Dentapharm: instructions for catheters, infusion devices, enteral feeding and other medical equipment.
Laboratory and diagnostics	BeoLab: sample-collection instructions, laboratory test information and a translated video transcript.
Medicine and research	Conference presentations and specialist texts in neurology and psychiatry for private clients.
Pharmaceutical content	Aniva: company profiles, therapeutic areas and product information.
Education	Društvo defektologa and OŠ Boško Buha: specialist papers, conference materials and school content.
Aviation	VSS: model-aircraft regulations and record-claim forms.
Business and other texts	Osmi red, ProEnglish and private clients: business documents, recommendations, CVs and marketing content.

Translation samples

Selected excerpts illustrate the style and terminology of the translations.

01 Laboratory sample instructions

BeoLab | Serbian → English | 2022

> Close the test tube tightly and deliver it together with the rest of the urine in a bottle to the laboratory. CAUTION! The test tube with the red label contains a preservative (acetic acid), and therefore careful handling is advised.

Clear instructions for patients.

02 Medical conference presentation

Private client | Serbian → English | 2023

> The aim of our work was to determine the frequency of use of non-invasive ventilation and percutaneous gastrostomy and their impact on survival in patients with ALS. Diagnostic criteria included clinical examination, the ALSFRS score, electromyoneurography and the form of disease onset.

Neurology terminology and a research presentation style.

Translation samples

03 Educational technology

OŠ Boško Buha | Serbian → English | 2022

> The use of interactive touch whiteboards would improve the quality of the teaching process for students at our school. It would be especially beneficial for younger students, as it would engage all their senses in acquiring new knowledge and skills.

Education content for an international audience.

04 Special education paper

Društvo defektologa | Serbian → English | 2023

> Modern approaches to the treatment of behavioral disorders emphasize respect for the basic rights of the child. They promote prevention, positive development, diversionary measures and inclusive treatment of minors in their family and social environment.

Special education terminology and an academic register.

Translation samples

05 Psychiatry research text

Private client | Serbian → English | 2022

> Diagnostic classification systems are classifications of disorders intended to aid communication among professionals, patients, public health services, and researchers. Another purpose is to establish standards for treatment planning.

Specialist terminology in mental health.

06 Business correspondence

Private client | Serbian → English

> We are interested in cooperating with your embassy in Belgrade to organize foreign language, computer and programming courses, as well as Serbian language courses for your citizens residing in Belgrade.

Formal communication with an institutional audience.

Excerpts have been shortened and edited for presentation. Private clients' names and personal details have been omitted.
